After reflecting with your group, come and share one or several of your actions, in just a matter of clicks!

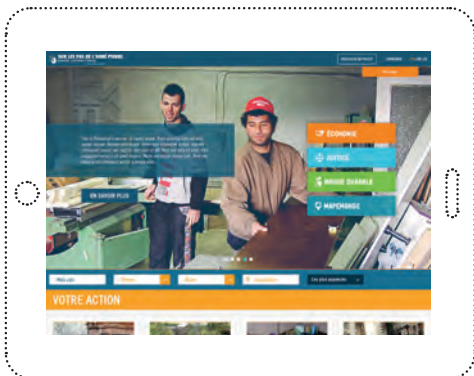

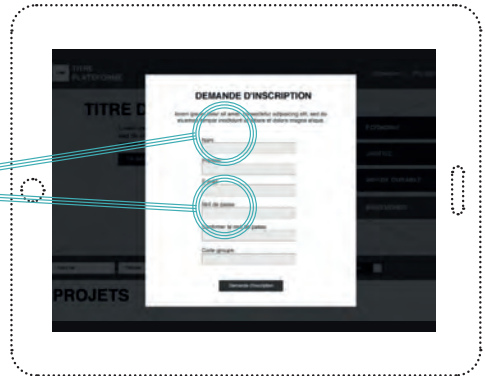

IMPORTANT!

Once your activist profile (individual or group) has been created, using your code provided by Emmaus International, you will be able to directly access the shared space, without having to go through the 'discover our legacy' section. You can present your actions over the course of several visits, though we would encourage you to do so in one go!

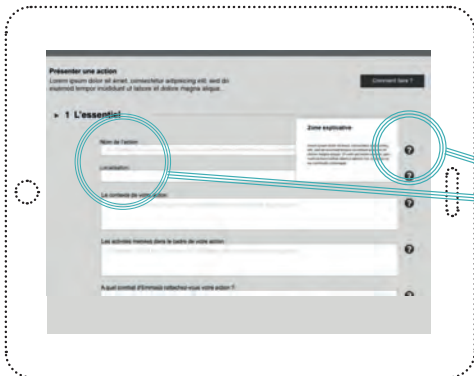

Click here to access the sharing space.

Login using your last name + your first name + your email address, as well as the code that will have been given to you by Emmaus International in order to create your account, which will allow you to connect directly from the second time onwards.

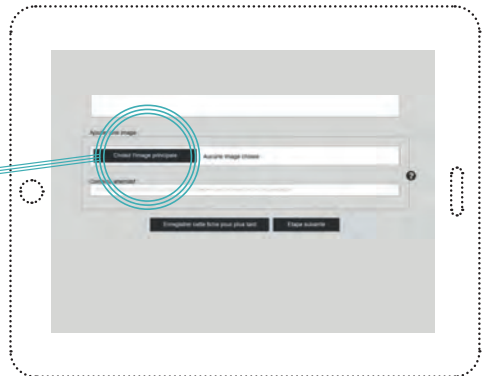

You are logged in to the sharing space.

Click here to start presenting your action.

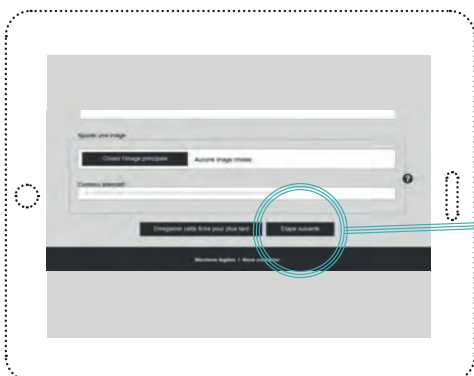

Fill in all of the fields in French, Spanish or English using the following to help:
 > Explanations
 > Examples in grey

Upload one or several visual aids to illustrate your action (photos, videos, posters, articles...).

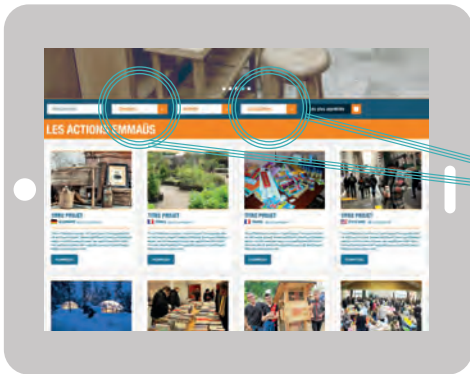

Move onto the next step or save your changes to come back later.

IMPORTANT!

Once you validate your post, it will take a little while for it to be available to others on the platform. This period is to allow for translation into the three languages used on the platform.

Take a look and let us know what you think about the ongoing actions of the different Emmaüs groups around the world!

You can select different criteria when discovering other groups' ongoing actions, by theme and/or by country.

Click on the action of your choice to discover more.

The action comes up. Are you interested? If so, click on the heart ❤️ !

IMPORTANT !

- > Each action can only be liked once by a group.
- > Each group may like as many actions as it wants.
- > If so, click on the heart ❤️ !

SHARE

Sharing our actions with one another is already a huge step in getting to know one another and becoming more united.

SPOTLIGHT

We should also be putting the spotlight on our actions in order to raise awareness amongst our fellow citizens.

REPORTS

Therefore we are going to conduct 10 photo and video reports.

The first two reports will be broadcast, in three languages, on 22 January 2017, the anniversary of Abbé Pierre's death.

Given that there will not be a lot of time to film these reports, the members of the Board will choose the first two actions. They will ensure that there is an equal representation of Regions and themes.

ACTIONS

How are we going to choose the actions that will be showcased?

Thanks to your votes  !

.....

The precious contributions and active participation of each group are essential in order for us to (re)discover our common legacy and share our good practices.

.....

We're counting on you!
